Oasis' Journey into anti-trafficking work

- Developing Oasis India in the early 90's meant coming face to face with human Trafficking
- Especially with women and children at the Asha Deep & Purnata Bhavan projects.
- In the 00's - Oasis started global education and advocacy initiatives which developed into the abolitionist movement called Stop The Traffik which now has over 2000 global members.
- Oasis has been directly involved in the rescue of over 300 women and children from human trafficking.

The Oasis logo consists of the word "Oasis" in a white, sans-serif font, positioned inside an orange, tilted rectangular shape.The Stop The Traffik logo features the text "STOP THE TRAFFIK" in a bold, white, sans-serif font, with the tagline "PEOPLE SHOULDN'T BE BOUGHT & SOLD" in a smaller font below it. The logo is set against a black background that includes a grayscale image of a hand holding a pen, with the word "KEY" written on the palm.

STOP THE TRAFFIK
PEOPLE SHOULDN'T BE BOUGHT & SOLD

Oasis USA

Helps local American communities fight HT in their own neighborhood and city and in developing resources for the global HT work

Oasis USA has the
The *TFC* Approach

The TFC Goals

- Traffik Free Community groups exist to enable local people fight trafficking in their own local area. Oasis USA helps by mentoring groups to:-
 - Engage local communities to make it to “hot” for a trafficker to operate
 - Educate, equip and empower the local community, schools, civic authorities etc..
 - Advocate for the availability of slave-free products & just practices
 - Mobilize care for survivors

The *TFC* Birthing Process

Step 1: Raising awareness in a particular community

Step 2: Forming a Leadership team

Step 3: Undertaking TFC research: “Discovering Our Community”

Step 4: Developing a strategic plan: “Making Freedom Happen”

Step 5: Begin working toward their TFC goals

Share resources and learning insights with other TFCs

•It is important to start with a core team of approximately 4 to 5 or more people, if possible.

- The core team and all those that join later must be willing to commit to meeting on a regular basis.

- (we recommend meeting once per month)

- Leadership teams meet and prepare the group to research their community for areas of vulnerability prone to human trafficking.

- (discover what are the trafficking issues in your city, where the needs are, what the focus of the group will be)

•From the research, identify the focus of the group:

- Developing mentoring groups for youth at risk of trafficking, present in all the local high schools within the first year.
- Raising awareness about human trafficking through quarterly events
- Lobby City Government to improve city ordinances relating to massage parlors or labor trafficking.
- Providing Freedom Bags to local law enforcement to be given to minor king victims. Undertake or arrange training for the local law ent.

- Display outreach posters through the city and advocate for local newspapers to stop escort ads. Lobby local and national hotels chains
- Develop opportunities and networks that help local business obtain slave free products
- Raise awareness about human trafficking in an agreed% of all the faith communities in the city within the year; assist the faith communities in having prayer events related to human trafficking; provide opportunities for the community to meet the needs of victims through a network of resources, etc..

The focus should be attainable, measurable, and clear to any who wish to join the group. All activities from the group should be geared toward this focus.

Current TFC Communities:

- Pomona, CA
-
- Pasadena, CA
- San Gabriel, CA
- West Palm Beach, Florida
- Los Angeles (downtown), CA
- **Other Traffick Free Community groups**

Under consideration and several will be starting in the near

One Key consideration is funding.

Currently we estimate that a TFC costs approximately \$5000 for Oasis to develop. Of this we ask that a TFC contributes \$3000/year.

Oasis USA will support the early development of any TFC. However, a community needs to eventually fund its own initiatives as well as assist in helping other TFC to start.

Oasis USA highlights 3 different options a TFC has for enabling a funding strategy to be developed.

3 Options

A financial contribution from the TFC members or other supportive people.
(\$250 per month)

The marketing of the Oasis 13 campaign. If a TFC signs up 20 people to the campaign then the \$3,000 is covered that way.

Various fundraisers organized by the TFC (mentored & assisted by Oasis) during the course of the year with a target of \$3,000. This might also be allocated within a wider budget created for the workings of the TFC and programs it establishes.

A large, thick, orange brushstroke graphic that starts at the top left and curves downwards and to the right, ending near the bottom right of the slide. It has a textured, hand-painted appearance.

Together we can end human trafficking one community at a time!
